DATA SYSTEMS

INDEX for 1968

	Issue	Page
American Report		
—The Computer and the White House	Aug	26
—Traffic Control — New York City	Sept	26
—Revolution on Wall Street	Oct	23
—Cops, Criminals and Computers	Dec	18
Applications		
—Keeping Tags on Synthetic Fibres	Feb	28
—Computer Typesetting at the *Boston Globe*	May	18
—Warehousing Problems Brought to Heel	May	28
—Optimizing Brinton's Carpet Production	June	26
—Mechanized Filing at Coutts	June	35
—Exam Results by Computer	Oct	32
—Computer-Produced Braille	Nov	18
—The Use of Computers in Gas and Oil Prospecting	Dec	28
Automation and the Medium-sized Company		
—Part 1	Mar	16
—Part 2	April	28
—Part 3	May	34
Burroughs B5500—Glimpse of the Future?	May	26
Buy British	June	34
Choosing a Computer—Revised Hardware Tables		
—Visible Record Computers, Punched Card Computers, the 'Tinies'	June	20
—Magnetic File Computers	July	16
Communication in the Computer Department	Sept	44
Computers and Conversation	Nov	28
Conferences and Exhibitions		
—1967 Fall Joint Computer Conference	Jan	22
—Report on DPMA Debate	Feb	32
—BCS Symposium on Production Control	May	21
—IEE Annual Lecture—Memory in the Nervous System	June	29
—IFIP Preview	Aug	28
—IFIP '68	Sept	18
—NPL / IEE Conference—Pattern Recognition	Sept	22
—ICA—Cybernetic Serendipity	Sept	24
—DPMA London Meetings—Autumn '68	Sept	35
—ACM 1968 Conference in Las Vegas	Oct	28
—What's New at the BEE 1968	Oct	54
—Visible Records at Oympia (BEE Retrospective)	Nov	36
Dallas Comes to Europe—the CSB/UCC Merger	Jan	32
Diversey's New Clothes	June	30
Data Preparation Bureau in Malta, A	Dec	31
Education		
—Training for Computer Management	Sept	36
—Education and Training Expert Alan Daniels Interviewed	Oct	20
—Training the Blind for DP	Oct	45
—The Education and Training of Systems Analysts and Programmers	Nov	30
—Training Tomorrow's Programmers	Dec	22
Film Footage		
—'Billion Dollar Brain'	Jan	13
—Industrial Films	April	10
—Industrial Films	July	14
—'2001: A Space Odyssey'	Aug	42
—'Hot Millions'	Nov	13
—Honesty and the Industrial Film	Dec	4
Information Retrieval		
—SCAN—How Ross and Gassman did it	Mar	20
—Keeping the Scientist Informed	April	38
—Information Retrieval in the Textile Industry	Dec	34
Japan—Towards an Indigenous Computer Industry	Aug	18
Local and National Government and Utilities		
—Computer System for the French Police	Feb	20
—GPO Data Transmission Service	April	18
—Change at Crewe—BR Computer Centre	June	33
—Paying the Policeman	July	24
—GPO—More power to the postman's elbow	Aug	22
Malik's Beat		
—Sell and Oversell	April	26
—Thoughts on Parkinsonism	May	4
—Yanks Go Home	June	18
—Not so much a network, More a Jumble of Lines	July	13
—Yank Go Home—Part 2	Aug	14
—Thoughts on IFIP, Chess and Artificial Intelligence	Sept	34
—Lay it on the Linesman	Oct	18
—The Linesman Affair—Part 2	Nov	14
—Christmas Humbug	Dec	27
Management		
—Responsible Marketing of Computers	Mar	30
—Computers are Costly	April	42
—The Computer in Mainstream Management	July	28
—Data Processing Installation Audits	Sept	30
—The Case for Outside Systems Development	Oct	39
—Costing Computer Usage	Nov	26
—Many-Headed Problem, A	Jan	35
Personality Profile		
—Arnaud de Vitry	Oct	26
—Richard Bellman	Nov	34
Review of 1967	Jan	23
Standardized Invoicing in the Food Industry	Jan	26
Techniques		
—Computers and Numerical Control	Feb	24
—Computer-to-Computer Communication	Mar	26
—Towards Integrated Systems for Design Automation	May	22
—Batch Production via Numerical Control	June	38
—Design Automation — A Problem in Systems Engineering	July	34
—Data Input—A Fresh Look	Aug	34
—Message Switching Techniques in digital Telecommunications Networks	Nov	22
—The Source Data Problem in Customer Accounting	Nov	43
—Aiding Design Specification (NCR-ADS System)	Dec	14
—BAC, WAB or 1984	Dec	24
—Systems analysis—solving the manpower problem	Dec	36
